

Project 5

As informed, June 14, 2014 is a great and memorable day for SF Team. Yes! We gifted 300 Tekku Maram for 300 families who are dependent only on Agriculture in Kottayur Village near Thuraiyur District.

All those farmers will be planting those trees in front of their houses. After 100 days we will visit the same and evaluate the growth of the trees. The best tree will identified and that owner will be gifted a gold coin for growing this tree.

Photo Snaps is uploaded in our official FB page (Project 7) for your kind references.

Thank you!
